SUSTAINABILITY EVENT REGULATIONS

The Town of Mammoth Lakes recently passed new regulations with the goal of reducing the impact of special events on the environment by preventing litter and reducing unnecessary waste. Due to our remote location, Mammoth Disposal transports all trash generated in Town over 150 miles by truck to Fallon, Nevada. Please ensure your event is compliant with the regulations below to help reduce our impact on the environment.

Become part of the long-term solution by helping to divert material from the landfill

For more information on sustainability ordinances within the Town, please contact the Town of Mammoth Lakes Sustainability Coordinator, Anthony Ottati at (760) 965-3621 or via email at aottati@townofmammothlakes.ca.gov. We thank you in advance for your understanding and compliance.

ALL EVENTS CHECKLIST

1. Ensure no single-use plastic water bottles $\leq 500\text{ml}$ will be sold or distributed at your event (including by third party vendors). Visit our [website](#) for more information about the Town's small single-use plastic water bottle prohibition.
2. Ensure no Styrofoam food ware will be sold or distributed at your event (including by third party vendors). Visit our [website](#) for more information about the Town's Styrofoam prohibition.
3. Large events with over 2,000 individuals per day of operation, including both workers and guests, will be subject to additional regulations outlined below.

LARGE EVENT CHECKLIST

Prior to the Event:

1. Pay a \$500 deposit to ensure compliance with regulations. The deposit will be returned after the event is over and documentation has been submitted showing compliance. Some special event venues may be able to assist with covering this deposit.

2. Submit a plan showing that 75% of waste will be diverted from landfills through reuse or recycling. For additional help with preparing a plan, please reach out to Cassidy Moyer, sustainability coordinator, Mammoth Disposal: Cassidy.Moyer@WasteConnections.com
3. Arrange with community food recovery organizations to make a plan to recover perishable and non-perishable food waste generated at the event. More information can be found on our [website](#).

During the Event:

1. Ensure at least 75% of waste is being diverted from the landfill through reuse or recycling.
2. Donate any excess perishable and non-perishable food to food recovery organizations.

After the Event:

1. Donate any excess perishable and non-perishable food to food recovery organizations.
2. Submit documentation to the Town (aottati@townofmammothlakes.ca.gov) within 30 days demonstrating the 75% diversion rate has been achieved. Once documentation has been received and reviewed, the \$500 deposit will be returned.
